President's message: Welcome to the year 2013! I hope that you all had a nice Christmas and New Year's day.

With each passing year there will always be triumphs and tragedies. Sadly, we lost at least 3 members this past year. John Lee passed away just last week.

John was a great guy and well-liked by many. He was always willing to help out and was very knowledgeable.

At the funeral home his wife told me that he had been working out in his shop just the day before the heart attack that took him from us. My wife took care of ordering the flowers for me, but I would have preferred to make my own arrangement out of metal shavings and chips.

So let's enjoy the time we have here, and make our mark on our fellow man (and Women, of course).

The Christmas party was great! Everybody had a good time, I think.

Richard Trimstra brought a great assortment of Christmas "goodies" and had a great system for handing them out. I hope to use that system whenever we have freebies to give away in the future.

No program for this month. So bring your "Show and Tells" AND we will have a contest for the oldest hand tool you can find!

So dig through your old tool boxes and let's see what you can find! Winner gets a \$5.00 gift card! Coffee, doughnuts and good company await.

See ya Wednesday! Rick

“And then, suddenly ...

lies

lies

I've heard this one before

“What do you have planned for 2013?”

“Shhh .. don't tell Steve, but I'm working on a scale V8 assembly line.”

“And then I bored the remaining 0.0000128 ... “

Brian tells this story better

“Ha, I will *automate* that assembly line ... and add *superchargers* ... before NAMES!”
