Macomb Community
College
South Campus (12mi &
Hayes)
14500 E. 12 Mile Road
Warren, MI 48088-3896
"M" Building, Room 123

Hello everyone and welcome to the latest edition of the MDMC newsletter. I hope this edition finds you well, enjoying the nice weather and working on something fun.

Please mark your calendar for our next meeting this coming Wednesday, June 14 at 7pm and also our July meeting on Wed. July 12th and the August meeting which is our popular engine run and swap meet held in the MCCC parking lot. Check out the club website for a detailed map, back issues of this newsletter, and lots of other club information. Also, a show and tell is a part of nearly all of our meetings, so whatever you are working on, finished or in process, bring it to the next meeting to show it off. Members are always interested in the wide variety of metalworking projects that we are working on.

Also, our June meeting will include election of officers. Over the last several months many of the officer positions have been filled informally but a formal election is needed. Please be sure to attend.

On a sad note, we received the news that our most recent club president Kevin Thomas has passed away. Kevin held the position of club president for several years and he will be missed. Our thoughts and prayers go out to his family. A link to his obituary is as follows;

<https://www.legacy.com/us/obituaries/name/kevin-thomas-obituary?id=51718745>

Pictured at left and below are member Steve Huck and the scale model body & chassis of an antique Shriner Car he is working on. Steve has also restored to full operating condition several full size Shriner cars, and also fabricated trailers to be pulled behind the gas powered cars so he can take his grandkids for rides. On the chassis shown below, notice the wooden spokes in each of the wheels, the working rear differential and the fully operational steering linkage in front, all handmade by Steve. Beautiful work Steve!

Pictured above is one of the last projects Kevin Thomas was working on before his passing.
